

Next Step

2022 Year 12 completers survey

Post-school destinations of Year 12 completers from 2021

Redlands College

Introduction

This detailed Next Step report belongs to your school and can be used for school planning. It provides information about Year 12 completers' transitions into further education, training and employment approximately six months after completing school.

The results are from the Department of Education's Next Step – Year 12 Completers survey, which attempts to contact all Year 12 completers from state, Catholic or independent schools, or TAFE secondary college in Queensland.

Post-school destinations are influenced by the transitioning environment, which can limit the options available to young people. Low response rates may not give an accurate summary of the cohort's destinations.

This report has not been publicly released. It is recommended that schools **do not** publicly release their detailed Next Step report as it may contain sensitive information. A one-page summary report has also been provided, which is suitable for public release.

Find out more

Visit the *Next Step* website <u>www.qld.gov.au/nextstep</u> for more information on the survey, view the statewide report or create a custom report using report builder, which will be updated in October 2022.

Survey response rate

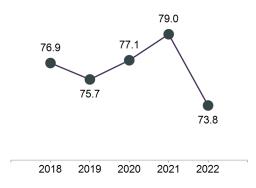

73 8% (110 out of 149 Year 12 completers)

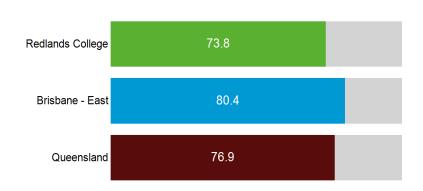

Decreased by 3.1 percentage points since 2018.

Results may not be representative of all Year 12 completers from this school.

Response rate over time

School's response rate compared with SA4 region and state

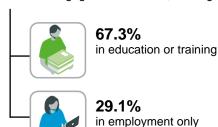

Post-school engagement

Year 12 completers from Redlands College have been categorised by their engagement in education and training, or employment. Survey respondents who are both working and studying are included in education and training. Apprentices and trainees are required to undertake a study component to their qualification so are also considered to be in education and training.

Engagement in education, training or employment

96.4% engaged in education, training or employment

Of the 110 respondents, 67.3% continued in some recognised form of education and training. The most common study destination was bachelor degree.

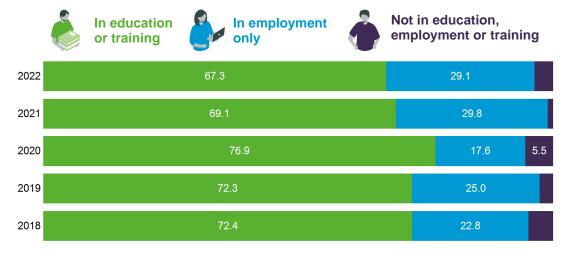

A further 29.1% transitioned directly into paid employment and no further study.

3.6% not in education, training or employment

There were 3.6% of respondents seeking work.

Engagement over time

How does your school compare?

Main destination

Post-school destinations of survey respondents from Redlands College in 2022.

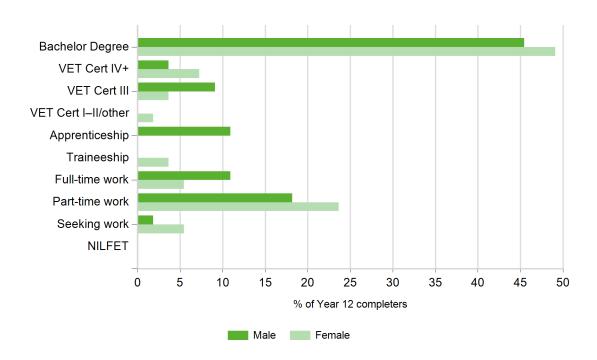

All Year 12 completers were assigned to a main destination. This categorisation system prioritises education-related destinations over other destinations. For example, Year 12 completers who were both studying and working are reported as studying for their main destination (See Appendix 2).

7.3% of respondents deferred a tertiary offer and are reported in their current post-school destination in this report.

Appendix 2 – Explanatory notes

Main destination

A structured hierarchy of study and labour force destinations for Year 12 completers, who were assigned to categories as follows:

- students were assigned to the relevant higher education or VET category, even if they were also employed
- apprentices and trainees were assigned to their respective category and classified as education and training since their training involves study
- those assigned to a labour force category (employed or seeking work) were not also undertaking study
- those who were not studying and not in the labour force (not employed and not seeking work) were categorised as NILFET.

Main destination categories

Education and training – higher ed	ucation
Bachelor Degree*	Studying at Bachelor Degree level (including Honours), or higher.
Education and training – VET cate	gories
VET Certificate IV+*	Studying at Certificate IV, Diploma, Advanced Diploma or Associate Degree level (excluding apprentices and trainees).
VET Certificate III*	Studying at Certificate III level (excluding apprentices and trainees).
VET Certificate I–II/other*	Studying at Certificate I or II level (excluding apprentices and trainees). This category also includes students in an unspecified VET course, other basic course (e.g. short course) and unknown course level.
Apprenticeship*	Employment-based apprenticeship.
Traineeship*	Employment-based traineeship.
Traineeship* Employment	Employment-based traineeship.
•	Working full-time (35 hours or more per week) and not in an education or training category. This includes people with multiple part-time or casual jobs that total 35 hours or more.
Employment	Working full-time (35 hours or more per week) and not in an education or training category. This includes people with multiple part-time or casual
Employment Full-time employment	Working full-time (35 hours or more per week) and not in an education or training category. This includes people with multiple part-time or casual jobs that total 35 hours or more. Working part-time or casual (fewer than 35 hours per week) and not in an education or training category.
Full-time employment Part-time employment	Working full-time (35 hours or more per week) and not in an education or training category. This includes people with multiple part-time or casual jobs that total 35 hours or more. Working part-time or casual (fewer than 35 hours per week) and not in an education or training category.

^{*}Some respondents may also be in employment or seeking work.

More information
