

Redlands College Foundation

Supporting Redlands College Families

One of the encouraging things about our Redlands College community is the genuine care and concern that families show towards each other. We are known for helping each other out during a time of difficulty. Over the coming months, we recognise that many families in our College community will be negatively impacted by the spread of COVID-19, including job losses and the prospect of difficult financial decisions. This is an ideal time to reflect the love of Christ as we support each other.

At this time we are reaching out to families who may experience financial difficulty to remind them of the Redlands College Foundation. In 1988, the year the College commenced, the Foundation was established as the trustee for the Redlands College Bursary Fund, with the purpose of providing short-term fee assistance for families experiencing financial difficulties. Over the last 32 years, the Foundation has provided fee relief to many families who have experienced significant and unexpected financial difficulties. This year, over \$50,000 has already been committed to support families in need. If you experience financial difficulty in the coming months, please contact Ms Lisa Wilson to discuss a Bursary Fund Application lwilson@redlands.qld.edu.au.

The Bursary Fund receives income generated by hiring out College facilities, as well as tax-deductible donations from our College community. We invite families in our community who have the capacity to make a tax-deductible donation to the Bursary Fund to consider doing so now. This is an opportunity to ensure families who have chosen Redlands College as their school community, are able to continue their child's education during a time of difficulty.

All funds donated to the Bursary Fund are only used to provide short-term fee assistance for Redlands College families in demonstrated financial need. We thank you for your community partnership at this time.
